The only visionary way to unleash and manage the synergy.
and practical

All in 1 Roadmap. All sorts of Entrepreneurship; Social, Professional, Business, blended with Philosophical! Although mentioned in Zone 2, Cogrowth is in fact in all zones.

- You can step in at any phase along the Roadmap.
- There are other paths embedded within and connected to the Roadmap which you may take while still following the Roadmap. *In fact, you already, and partly, took some of those paths until 'now', and just stopped there, by purpose or not, partly because of the 'norms'. So the main road, the Roadmap, and the connections are all lost, or neglected.* Inspired along the journey, you may sure design other paths and take the +mode to new horizons.
- All phases, the complete scope with all its details are for all individuals and for all forms of organizations in any field, from any discipline. It is for you all! For our common future!
- **Cornerstone Roadmap for Thinkers Writers Doers era.**

FUTURE AT ITS BEST. NECESSARY ROADMAP AT ITS BEST. *Various technical details need more time to get better.*
